Kalia, Dan and Cynthia,

Thank you for your help with CLABSI teaching and infection prevention in SDU! Your efforts are being monitored closely and we hope to use your help to continue CLABSI education in the rest of hospital. The signage you created for the SDU board to quickly identify patients needing CLABSI education and infection prevention intervention was particularly creative! Thank you for all your hard work so far.

A handwritten signature in black ink, appearing to read 'Daphne Asuncion', written in a cursive style.
