Dear Sir/Madam:

I am writing to you in regards to Daniel O'Leary, RN. Daniel was my preceptor from October 2014 through November 2014. I can say that I was lucky and fortunate to have Daniel as my preceptor. During my two-month preceptorship at the step-down unit, I learned new skills, gained substantial knowledge related to care of acutely ill patients and became more confident.

During this time, Daniel was a professional, supportive and encouraging preceptor. Daniel created a positive learning environment in which I was able to learn and become more confident. He was very supportive and had patience to explain and repeat learning material. Daniel also gave me constructive feedback pointing out areas for improvement and my strengths. The knowledge, experience, and confidence I gained by working with Daniel has helped me greatly in my current position as a cardiac progressive care RN.

I can say that I am very grateful for having Daniel as my preceptor. I see him as a role model and believe he is an asset to Kaiser Permanente. Please feel free to contact me if you need any additional information.

Sincerely,

Edina Muran, RN
