Hello Team,

First of all, thanks to each of you for being so committed to the Mobile Health Clinic! You have been such crucial members of our team and I want to thank you for all of your great work.

I'm happy to announce that our Community Benefit team is bringing mental health services to Brentwood to function in tandem with our Mobile Health Clinic Saturday clinic! This service is in response to an overwhelming need for free mental health services for the community. Just like our MHC, we will not refuse service to anyone and we will collect only minimal information for treatment purposes only.

I wanted you all to be aware of this service and that we will be taking referrals directly from the Mobile Health Clinic, the Village Community Resource Center and a youth organization called One Day At A Time. There will be two bilingual therapists from an organization called Fred Finch.

The pilot program began on Saturday, June 16th going through August 25th. We have partnered with Fred Finch and they will provide Mental Health Services every Saturday by appointment to our patients. If a MHC patient needs mental health care, they can meet with the therapist on sight if they are available at that time or we can make an appointment for the following week for them to meet. These services will be held inside the Village Community Resource Center and will be seen by two therapist.

Please let me know if you have any questions.

Thanks again,

Juliana Rodriguez, LVN
